and maps, along with our fine art Giclee reproductions of select antique and new images.

These magnificent original antique prints range from 1600s through the 1900s and many were done by the practices of wood-engraving, hand colored copper engraving, hand colored lithography, black & white engraving and some were intended as ephemera but have become instant collectible antiques.

We are also featuring our fine art Giclee reproductions of antique prints and local imagery. These are printed in house with Pearl Printing on canvas and hand stretched, giving them a timeless look ready to hang on the wall.

Let us know if there is a special interest or theme that you are looking for in an antique collectible print and we would be happy to find it for you. If you have any old family photos or memorabilia that you would like enlarge or reproduce on canvas, watercolor paper or photo paper, we are happy to work with you to print, stretch or frame anything you may need to make your holidays and everyday home life artistic and beautiful. ..."HOOD is where the heART is" is a photo and video project that shows what riding Mt. Hood is like in a very non-traditional way. This project alters standard snowboard premiere format by connecting the gap between the shred and art worlds. This community style event which donates all proceeds to the SNOWDAYS foundation gives anyone who rides Mt. Hood, something to celebrate.

Benefit: SNOWDAYS

SNOWDAYS provides life skills through snowboarding for middle and high school students that come from challenging neighborhoods. By working through challenges on the mountain, students gain self confidence, strengthen friendships, and also have an opportunity to become more aware of their natural surroundings. 100% volunteer!

Music: Bryon Friedman Band

It is rare to ever meet someone who possesses a true natural talent and even more rare to meet someone who possesses two, both of which are unique and distinctive. Bryon Friedman is one of those beings. As well as being a World Cup skier and a member of the US Ski Team, Bryon is an exceptional singer/songwriter. He has the gift of ease, with a voice and presence that is timeless. With his new sophomore release; Matchstick Memories. Bryon and company have crafted a record that in it's entirety, may just join the ranks of a classic.
