Zone Perfect's Final First Thursday

Zone Perfect will be in the Pearl for First Thursday. Find any Zone Perfect representative or bowl location to get free samples of this one of a kind energy bar. Zone Perfect says "A creative life is a flavorful life --- and that inspires the way we approach the creation of our products. We believe a nutrition bar can be more than a nutrition bar. With the right amount of creativity – protein, vitamins and minerals can be harmoniously combined with amazingly great taste in a way that was once thought impossible. Suddenly a nutrition bar is something else. Something you can't wait to eat." ASK THE DATE DOCTOR

In some ways it's easier to meet someone as we have things like the Internet, matchmakers and other services that make meeting people more convenient. This speeds up the process however it has also de-romanticized it as well. A traditional date years ago you would be courted, picked up at your house, taken out to dinner, probably get a gift like flowers or chocolates with a totaling of about 3 to 4 hrs of time spent. Today's date consists of 2 people meeting at a coffee shop both having driven themselves with it already preconceived notion that it will not go over 30 minutes. Both might even pay for their own beverage. One of the two will probably be interrupted by a cell phone or a blackberry and it usually ends with a handshake. It's very business, like an interview. Less romance and more contractual. I don't

October First Thursday

October 7, 7pm - 10pm

Artist: Boone Speed

Last May, Boone Speed went to the 2010 Grand Prix Historique in Monaco to document and story, with cameras, the most popular spectator sport in world.

Every other May, classic cars, daredevil drivers and the global glitterati all converge in Monaco for the Grand Prix Historique. Racers from around the world flock to this storied Mediterranean city to take the helm where so many greats have taken glory or lost it all against the steel Armco barriers. The Monaco Grand Prix Historique celebrates significant eras of motor racing, from 1920-1970's, that created the foundation and ignited an explosion of interest in Formula One racing. 1st Thursday Open House

October 7, 7pm - 9pm

want to discourage you from getting ready to date because I want you to get out of the house but know now that things are a different. This swing of modern dating enables us to find out more quickly the things we want and need to know in a lesser amount of time. Wouldn't you rather know all the red flags in the first date as opposed to once you are already in a relationship? I know for me I don't want to find out he is a smoker after a few dates if I know I don't want to date a smoker. Or finding out she has 2 kids but didn't tell till after a month. It's a "laying it out on the table" approach so be prepared.

Alma Avery Rubenstein a certified counselor and relationship coach. She is the founder of PDX Speed Dating in the Pearl. A full service singles agency offering everything needed for dating success.
